*The 2015 **Muku** is an aromatic marvel, with scents that reach you before the glass is even lifted. Notes of lychee, ripe pear, honeysuckle and dried apple jump up from the surface of the wine, inviting you to discover the mineral rich layers beneath. A light, sweet caress comes from the first sip of this tantalizing nectar, with apricot and citrus flavors that linger and then gently fade. This edition of **Muku** begs to be consumed in its youth, when it is most expressive, but is worth saving for special occasions when a dramatic flourish is desired.*
